Public Works Department											Adopted by City Council on a vote of ___ to ___ passing on July 7, 2008, Resolution No. XXXX
By: Bill Pugh											Prepared by: Bill Pugh, P.E. Public Works Director
CITY	DIVISION	PROJECT	LOCATION	DESCRIPTION	TOTAL COSTS	FUNDED	YEAR			REMARKS	
PRIORITY	PRIORITY	PROJECT	LOCATION	DESCRIPTION	COSTS	FUNDED	Planning	ROW/Permit	Design	Construction	
Begin Date	End Date	<b>THE FOLLOWING PROJECTS ARE APPROVED, FUNDED and UNDERWAY</b>									
2001	Oct. 2010	Stewart Rd (8th St.)	Lake Tapps Parkway to White River	Pierce County is the lead Agency to construct Stewart Rd. to a 5 lane minor arterial standards with a sidewalk on the south side and 12 ft. wide trail on the north side.	\$9,056,000	Yes	2001/2002	2004/2007	2004/2007	2008/2009	TIB Grant = \$4,125,600 Pierce County = #3,500,600 Sumner = \$1,429,800
	<b>PRIORITY</b>	<b>SIX-YEAR ARTERIAL TRANSPORTATION PLAN</b>									
	1	Fryar Ave and Main St. Intersection + Fryar Improvements	Intersection of Fryar and Main and rechannelization of Fryar Ave.	This project will revise the signalization at the Fryar Avenue/Main Street Intersection, and revise the channelization along Fryar Avenue from Main Street to Puyallup Street. W. Main will be removed from the signal loop. The intersection will be reconstructed, Fryar Ave. will be overlaid and missing sidewalks will be constructed.	\$2,119,000	Partial funding	2006	2007/2008	2008	2009	CMAQ funds=\$886,624; City Funds=\$263,000; Proposed TIB Funds \$969,000
	2	136th Ave. E. (Valentine)	24th St. to 16th St.	Improve road to minor urban arterial (truck route) standards with three lanes plus bike lanes for a total of 50 ft. width within a 72 ft. ROW. Project to be a joint project with the City of Pacific to 8th St.	\$5,000,000	30% funded	2006	2008/2009	2008	2010	We have 30% CERB grant TIB grant and LID for the remainder.
	3	Stewart Rd (8th St.) White River Bridge	Stewart Road at White River	This bridge would replace the existing 2-lane bridge. It will be two unequal length spans. The width will be 74 feet to accommodate 4 lanes, a sidewalk on one side and trail crossing on the other.	\$6,500,000	No	2002	2010	2011	2012/2014	County will contribute 71% of local share. We will attempt to get 80% federal grant
	4	SR 410 ramp signals and channelization at Wahl Road.	At the interchange of SR 410 at 166th Ave. E. (Wahl Road)	Install signals at interchange ramps and widen 166th Ave. E. to three lanes to provide dedicated left turn lanes.	\$600,000	No	2009	2010	2010/2011	2012	This is a WSDOT project on State hwy. There may be contributions from Sumner and Pierce County.
	5	Main St. and 160th Ave. E.	Main from 158th to 160th Ave. E. 160th Ave. E from Main to 64th St. E.	Improve intersection at Main St. and 160th and improve and widen St.s to minor arterial standards with bike paths and sidewalks	\$3,200,000	No	2009	2010	2010	2011	Candidate for STP grant and developer contribution.
	6	East Main St. / 166th Ave. Intersection Closure	Intersection of E. Main St. and 166th Ave. East.	Closure and removal of E. Main St. at the Sumner-Tapps Highway intersection. The work includes removal of St. section, embankment, and culvert across Salmon Creek.	\$450,000	No	2009	2010/2011	2011	2012	Partially funded with storm water funds or grants for stream rehabilitation.
	7	E. Valley Highway	North city limits south to Forest Canyon Rd.	Widen roadway to 3 lanes and improve to minor urban arterial standards with curb, gutter, sidewalks and bike lanes. Add signal at Forest Canyon intersection.	\$4,100,000	No	2009	2011/2012	2010/2011	2013	Paid with TIB grant, impact fees, and storm drainage funds.
	8	24th St. Bridge and corridor to E. Valley	Corridor Study	Determine alignment, preliminary costs and rerun traffic model to determine when this may be needed.	\$250,000	No	2010		2012		Paid from impact fees and St. funds
	9	Traffic Avenue	Thompson ST/WB SR 410 Ramps to the Puyallup River Bridge	Widen roadway and existing WSDOT overpass to 5-lanes. Restripe lanes and revise signal timing.	\$11,000,000	No	2011	2012	2012	2014	WSDOT lead. There may be contributions from Sumner and Puyallup.
		<b>COLLECTOR St. PROGRAM</b>									
	1	Elm St.	E. Valley Highway to 160th Ave. E.	Improve Elm St. to Collector St. standards with curb, gutter and sidewalks each side. Work will include storm drainage facilities and utility replacement	\$2,359,400	partial by developers	2005	2007/2010	2006/2007	2010	Developers improve about 40%. Storm Utility will cover about 40% of remaining work.
	2	Parker Rd Improvements	62nd St. to Meade McCumber	The west half of this St. needs to be rebuilt	\$185,000	No	2009	2010	2010	2011	Street Fund
	3	Van Tassel (160th Ave. E.)	Elm St. to Main St.	Improve 160th Ave. E. to Collector St. standards with curb, gutter and sidewalks each side. Portions may be completed as parts of development prior to this time.	\$2,700,000	partial by developers	2009	2010	2010	2011	Similar financing as with Elm Street.
	4	Parker Road	From Main St. to 50th St. This will consist of 3 to 5 projects. Developers will be building 2 or 3 of these sections.	Reconstruction of existing road to collector St. standards with curbs, gutters, sidewalks, and drainage utilities. Portions of this St. have been completed by developer projects.	Unknown	No	2008	2009/2011	2008/2009	2007/2012	A combination of developer-built, Street and storm funds.
